Keep Newfoundland and Labrador in capable hands.

Joseph R. Smallwood
Placentia East

Elect the new Liberal team.

We've come a long way in Newfoundland and Labrador in 22 short years. With fine new schools. Modern hospitals. Free dental care. Free school books. School buses. Good roads. New industries. Many more jobs.

As Liberals, we've always tried to do our best for Newfoundland and Labrador. And we want to do more.

We want to see homes enjoying sewerage facilities. More paved highways. New industries. An enlarged fishery. More accommodation for students. An expanded university. More cost-share programmes between city and provincial government. And more jobs for our people.

It's not an easy task, but we've got the best team of experienced, talented men with ideas in the province. With your support, we'll achieve many of the things that have to be done.

One thing is certain — you'll never get anything done by sitting back criticising.

We've shown you the Liberals get action. And we mean to do more. We ask for your support now. For the sake of Newfoundland and Labrador.

This is the time to vote Liberal.

Today as always Newfoundlanders are saying,

Of course I'm voting LIBERAL

CHEE!!! HE'S GOT BIG SHOES!

FORGET THAT AND REPEAT
AFTER ME... "THE TIME
HAS COME!"

THE TIDE HAS COME !!

I MEAN...

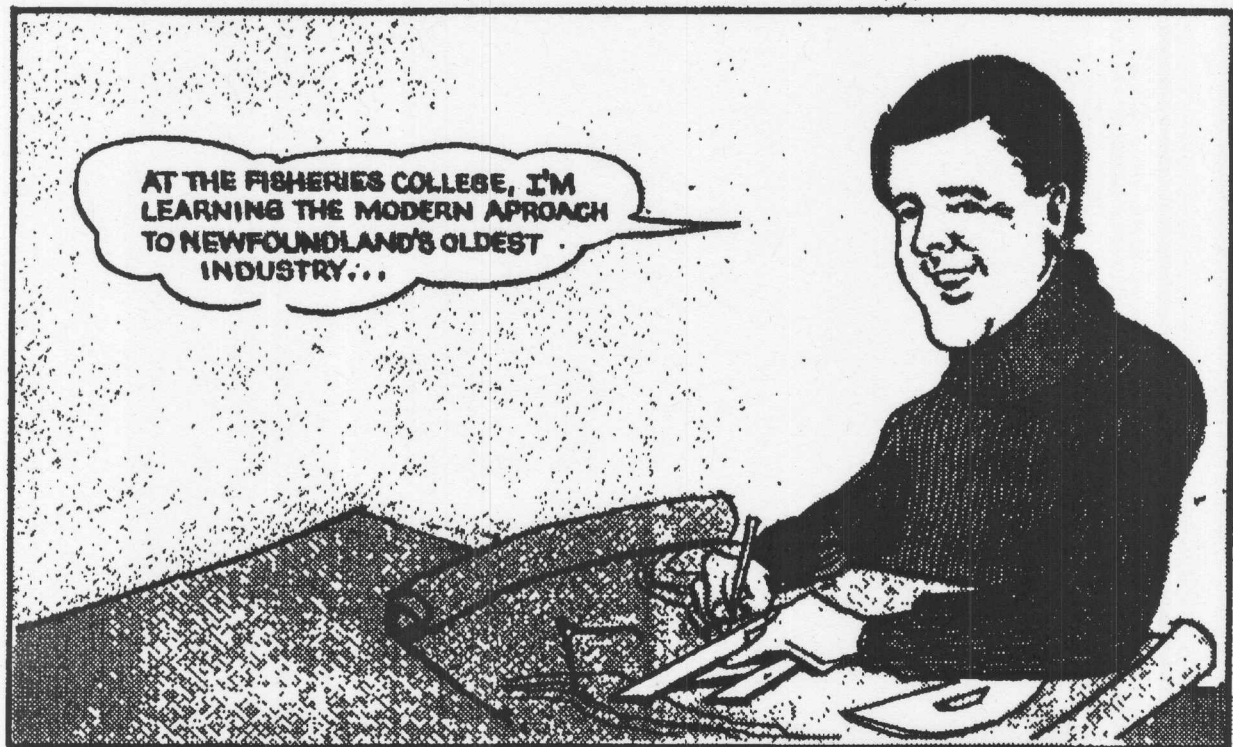

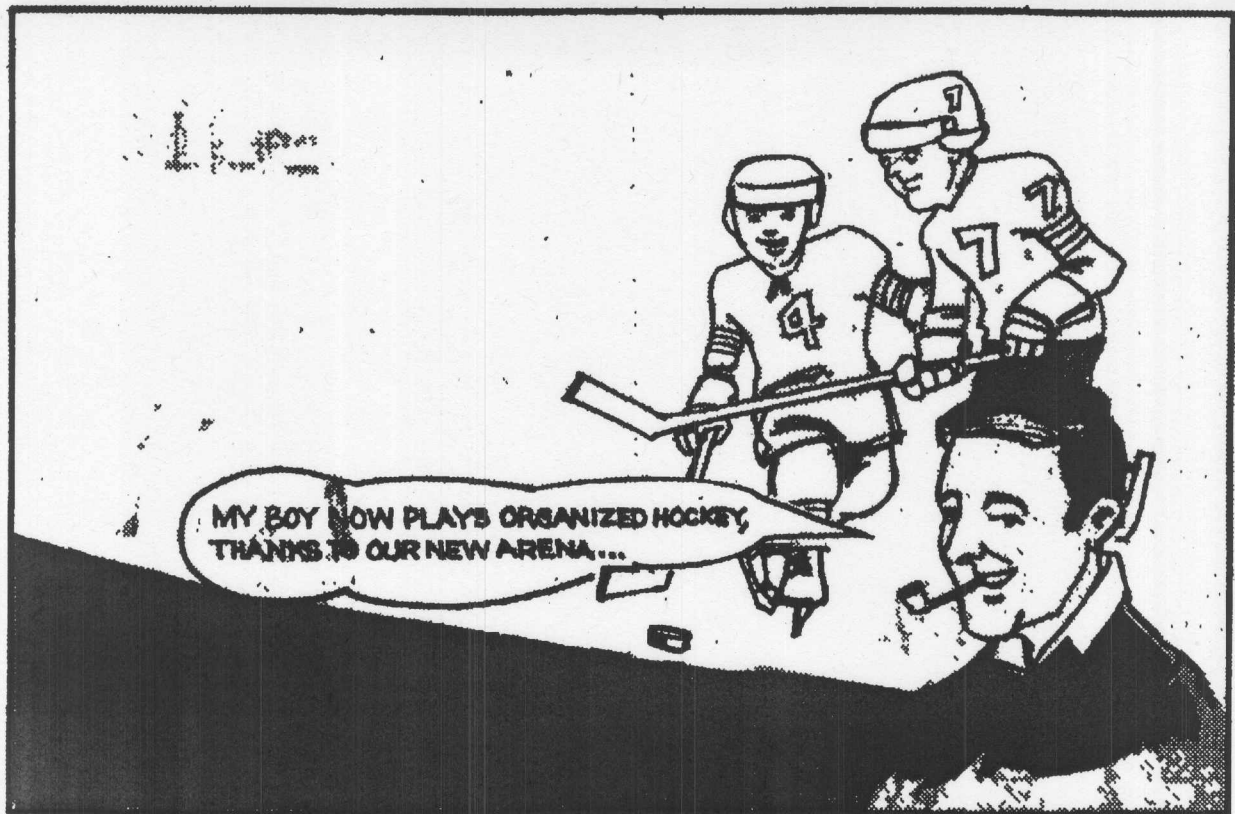

Of course
I'm voting

LIBERAL
