

On February 22nd vote for:  
**Jack Harris**  
Your  
New Democratic Party Candidate  
in Signal Hill-Quidi Vidi!

*"Jack Harris has proven how even one voice makes a difference. He is the only one who really represents the working people and those who need help. Without Jack in the House of Assembly to keep an eye on the government, we would see the Liberals become more and more arrogant. We need Jack and other New Democrats in the legislature to insure that we have public scrutiny of the government's actions."*

CNS VP ELECTION - FEB. 22, 1996 (GENERAL)

# Five reasons why we should vote for . . .

**Jack Harris**  
and the  
New Democratic Party

**1 Because Jack Harris and the New Democrats have been listening to the people of Newfoundland:** They have heard us say that unemployment is too high, that health care services are seriously underfunded, that universities and colleges need help, that people want off welfare and that the province can't afford to lose the money that the federal government is taking from Newfoundland. Why is the Liberal campaign ignoring these problems that we face today?

*"Brian Mulroney  
Brian Peckford and  
Brian Tobin, they all  
promised a better tomorrow.  
I'm tired of waiting."*

**3 Because politicians should be dealing with the serious issues we face today:** Instead of doing what needs to be done, the Liberals have tried to overwhelm us with a quick election, a glitzy campaign slogan and vague promises about tomorrow with nothing about today.

*"Tobin and Chretien did  
exactly the same things to  
workers and Newfoundland  
as Brian Mulroney"*

**5 Because Jack Harris and the New Democrats know that we don't have to sit back and take it:** They believe that workers should not be laid off when banks and other large companies are making record profits, that profitable corporations should pay their fair share of taxes and that our hospital system and social programs are part of our heritage which we should proudly pass on to our children and future generations.

**This time vote for:  
Jack Harris  
and the New Democratic Party**

*"We need Jack and the NDP  
in the House of Assembly  
to keep the others honest"*

**2 Because Jack Harris and the NDP haven't broken their promises:** Do you remember when Brian Tobin and other federal Liberals attacked the Mulroney Conservatives for cutting unemployment insurance coverage and for slashing funding for health care services and higher education and training? Look who is making the cuts now.

*"Jack works  
for all of us"*

**4 Because we need people elected who will work for us:** Jack Harris and the New Democrats are always fighting for the unemployed, better health care, stronger workplace safety legislation, the underprivileged, a cleaner environment, improved schools and safer homes and communities.
