**NEW
DEMOCRATS**

Dear Friends;

The issue in this election is how best to get Saskatchewan working again. Here are many of the ideas put forward by the new team of New Democrats.

I'm proud to be part of this team. It's an exciting combination of energy and experience — farmers, business people, professionals, clergymen and working people.

They share a common belief that we can build a prosperous and secure future for Saskatchewan. They share a common determination to see that this province fulfills its potential.

The members of the new team of New Democrats know that together we can get Saskatchewan working again.

Small Business — Jobs, Prosperity, Fairness

- A Saskatchewan First policy — contracts for Saskatchewan business, jobs for Saskatchewan people.
- Guaranteed stable interest rates for small business: 7% for 7 years on amounts up to \$250,000.
- Restore property tax rebates.
- Work with local governments to eliminate the municipal business tax.
- Fairness and honesty in awarding government contracts.

Opportunities for Youth

- 5,000 new jobs per year for young people through Career Start — real jobs, real training, real career opportunities and real hope for young people.
- Improve the accessibility and quality of education in our universities and technical institutes.
- Improve and expand student aid for financially needy students.

Putting People First

- Guaranteed Minimum Income for Saskatchewan seniors age 60 and over.
- Implement pay equity for women in the provincial government.
- Affordable and accessible quality day care.
- Improve health care staffing levels.
- Reduce the S.G.I. vehicle insurance deductible to \$300 and allow for payment of licence and insurance on an installment basis.
- Expand the Dental Plan to include orthodontics for children.

Stand up for Saskatchewan: Send Mulroney a Message

- Fight for a federal grain price deficiency payment based on \$6.00 wheat.
- Fight to protect Saskatchewan agriculture and Saskatchewan jobs from the dangers of a Free Trade Treaty with the United States.
- Stand up for Saskatchewan families by vigorous opposition to the Mulroney PCs' reduced funding for medicare and plans to increase the cost of prescription drugs.

Dear Friends;

"Over the past months I've had the chance to talk with many of you and to hear your ideas for getting Saskatchewan working again.

You've told me about the great potential of this province and its people. You've told me about the work that needs to be done creating jobs today and opportunities for the future. You've told me it's time for a government committed to fairness — a government committed to a fair deal for family farmers, small business and working families.

And you've told me we just can't afford four more years of Devine PC neglect and mismanagement.

I'm proud to be a member of Allan Blakeney's new team of New Democrats. We share your belief in Saskatchewan's exciting future.

That's why we're committed to a government that's as honest and hardworking as the people of Saskatchewan.

I look forward to meeting with as many of you as I can during this campaign. If you'd like to share your ideas or have any questions about our policies, please feel free to call.

Together, we **can** get Saskatchewan working again!"
